Recap: On Par Annual FUNdraiser!

WOW! What an amazing turnout we had from our 5th annual On Par for Helping Kids Hear Fundraiser! We enjoyed wonderful October weather at Topgolf and an appearance from the KC Wolf. This year, we raised \$60,000!!

We sincerely thank each and every one of our donors and volunteers - with this accomplishment, we will be able to provide hearing aids, assistive technology, and scholarships for families in need in the Kansas and greater KC metro area. You are amazing!

TRICKS for a successful Halloween

by Karlie Snyder, KU Audiology student

With Halloween quickly approaching, follow these tips and tricks for a safe and fun trick-or-treating experience with your kiddo:

- Hearing aids can be sensitive to the elements, so if the fall weather brings rain or sleet, make sure the hearing aids are protected by a hood or hat to prevent water damage. Remember, light rain is okay, but avoiding excessive moisture is crucial for hearing aid longevity.
- If traveling with a group, there maybe excessive background noise and several people speaking at once - if you have access to a remote mic, consider wearing it on the shirt collar of a parent during trick or treating. This ensures your child can always hear your voice for safety purposes without having to be near you.
- Consider decorating your child's hearing aids as an activity or making them apart of their Halloween costume! This can not only encourage your child to be proud of their devices, but can also foster good conversations with other kids about hearing aids.

In Gratitude

Hear 2 help would like to thank the following groups for their "Hole in One" donor status at our annual fundraiser:

**Balderston Auto Group
Associated Audiologists
Otto & Johnna Lynch**

We would also like to extend our appreciation to our amazing volunteers and donors who make the success of Hear 2 help possible.

Hear 2 help is grateful; thank you for *Helping kids hear!*
